June 2018

Dear Parents/Guardians

As the 2017/2018 school year draws to a close, the staff at Springfield Elementary School would like to extend best wishes to you and your family for a relaxing and enjoyable summer.

Springfield School has traditionally provided all supplies to students. When students have all the same supplies, teachers are better able to organize the classroom and foster a community of fairness among students. Parents have the option of reimbursing the school at a cost of \$45 or buying supplies themselves. If you decide to buy supplies on your own, please contact the classroom teacher directly as she or he will provide you with the specific needs of the classroom.

Springfield School will provide kid-safe computer headsets for all new students and replace others as needed. Springfield School will also provide agendas for each student.

Have a great summer! We look forward to seeing everyone back at school on **Tuesday, September 4, 2018.**

Yours truly,

Sarah Gordon
Principal
