Why is School Attendance Important?

Poor attendance can influence whether children read proficiently by the end of third grade.

A heartfelt thank you to *InVision* for their generous donation of toys for our school toy drive. We are truly grateful to have community partners helping spread the joy of Christmas!

Our school received a much needed donation from the *Anglican Church* of mittens and toques again this year. Thank you so much!

Principal's Message

By the time you read this, I hope I can officially say Happy New Year and all the best in 2025! January is a time to start fresh and watch the magic happen after the first four months of learning!

This time of year is also a time of extreme weather swings. Please make sure your children are dressed appropriately when they leave the house in the morning. Hats, mitts, winter coats and snow pants are a must even when you drop off and pick up. **A reminder also that we do go outside every day when the weather is above the -25 degree mark.** We do have some extra winter gear for those who are in need, however, our supply can be low, and we may not necessarily have sizes to accommodate everyone who comes to the office.

January is also that time of the year when we start thinking ahead to the Alberta Education Assurance Survey which will be administered to the grade four students, grade four parents and all teachers at École Springfield Elementary. These surveys help gather information on the quality of education provided by school authorities and schools. The results of these surveys is an integral piece of data as we develop our school and division Education Plans. We truly value the input we receive from our grade four parents every year and ask you to please take the time to complete the survey as honestly as you can. If you have any questions, please feel free to call the school for any clarifications. Grade Four families, please keep your eyes open for the surveys through the mail. I will also mention this in our February Newsletter.

Don't Forget to Dress for the Weather!

ALL students need to be dressed appropriately for colder temperatures.

This includes: a winter jacket, snow boots, toque, mitts, and ski pants.

Students who ride the school bus **MUST** be prepared for winter conditions. This is not only a matter of comfort, but also safety. In the event of an emergency, or another unexpected situation, we want to make sure all students are protected from the cold.
